Hail & Farewell

Thanks to your participation in the recently completed *For Us All Campaign*, we have “raised the bar” in every aspect of our world-class alumni association as we seek to perform our mission to philanthropically serve West Point and its graduates. On behalf of everyone at the Academy, but particularly the cadets who will so richly benefit from your generosity, THANK YOU!

Your commitment and passion have increased the average raised annually more than 58% from ten years ago, and an astounding 214% since just before our Bicentennial Campaign in the late 1990s! The total portfolio we manage for the Academy and the Long Gray Line has increased 139% to over \$310 million in the last seven years. Our investment performance, thanks to our talented investment committee, compares favorably with that of any university in the country.

The professional staff at WPAOG takes stewardship of your gifts very seriously and has repeatedly been recognized for fundraising excellence. Additionally, our expenses are well below the national average and in line with *Forbes* “Top 100 Charities.” We are particularly proud of our transparency across all facets of our operations in Herbert Hall.

When in 1869 it was proposed to Sylvanus Thayer that an association of graduates be formed to promote the welfare of the Academy, “to cherish the memories of our Alma Mater, and to promote the social intercourse and fraternal fellowship of its graduates,” surely he could not have envisioned what the WPAOG has become. Help us to “Continue Strong!” in support of the Military Academy and our Association.

As the President of WPAOG for nearly 10 years, I have seen the power of the Long Gray Line across the country and around the world. All graduates I met while in this position, almost to a person, have told me that West Point changed their lives. Each of us is fortunate that we’re able to call this wonderful national treasure, West Point, our alma mater.

As I say farewell, WPAOG is proud to welcome Todd Browne ‘85, as our new President and CEO. He is exceptionally well qualified to serve as President, with extensive experience at West Point. I could not be more pleased with his selection by the Board of Directors. Todd will do great things for WPAOG and West Point. I look forward to continuing to support it with you and, always, screaming BEAT NAVY!

West Point, for Thee!

COL ROBERT L. McCLURE, RETIRED
President & CEO, West Point Association
of Graduates

January 2007 – June 2016

Since 1961,

46%

of all donations to West Point were raised during the *For Us All Campaign*

139%

Total portfolio under management by WPAOG for the Academy and the Long Gray Line has grown 139% from \$130 million to \$311.3 million over the course of the campaign.

Dear Graduates & Friends

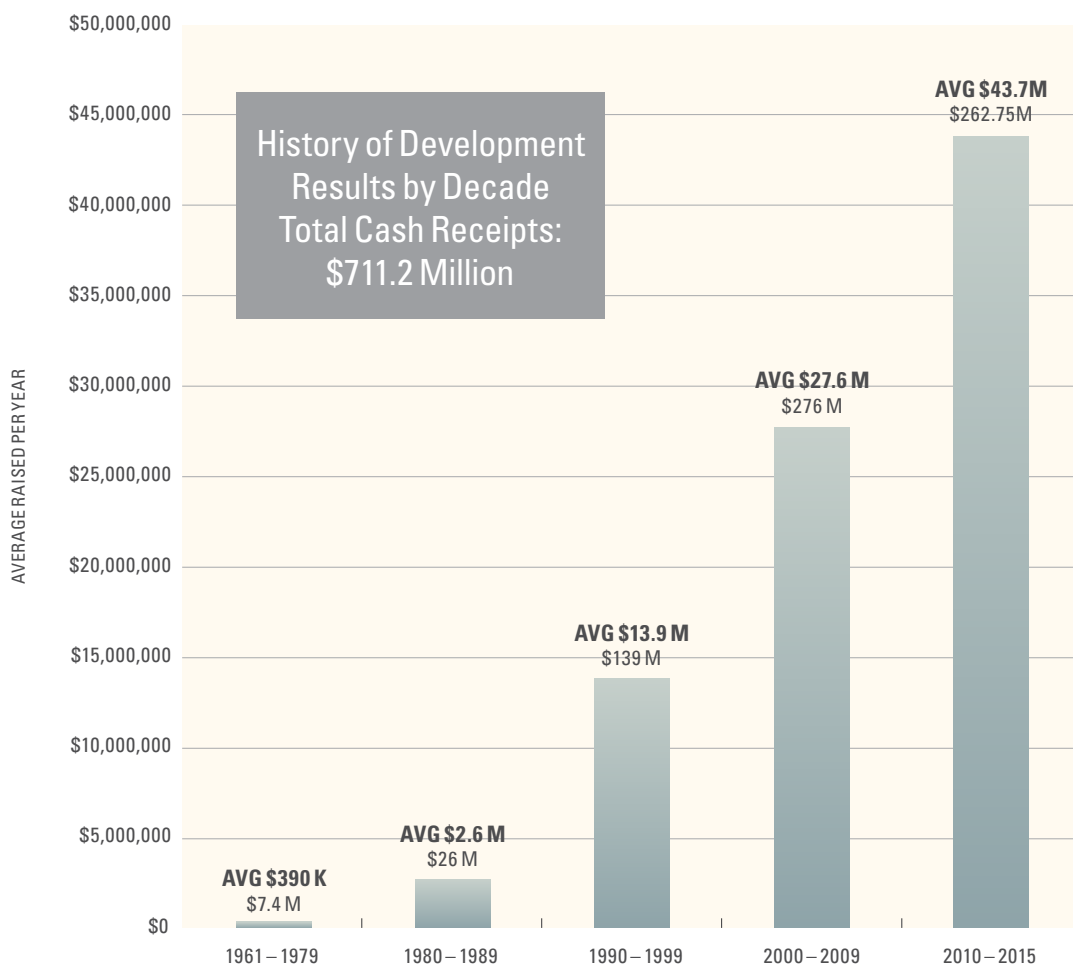

This Annual Report of Gifts lists the incredible support from individuals, organizations, and classes that helped the *For Us All Campaign to Finish Strong!* In the final year, donors contributed \$42.9 million in cash receipts from 22,852 donors. From young graduates embarking on their

military careers who elected to give back a portion of every paycheck to West Point, to retired general officers who committed to their class fundraising campaign, to proud parents supporting their cadet's 47-month experience, and to the many, many more who stepped up and participated in this campaign: It Took Us All! And just as gifts came from across the country and globe, the impact of your support for the Academy's Margin of Excellence programs, activities, and facilities can be felt across post and seen in the development of our Corps of Cadets.

Many of this past year's donors to West Point supported the Academy through unrestricted annual funds such as the Superintendent's Fund, Parents Fund, Long Gray Line, and A Club, and others made gifts to the specific departments or activities that meant the most to them. Whatever the amount, however the method, and wherever the designation, your support is greatly appreciated.

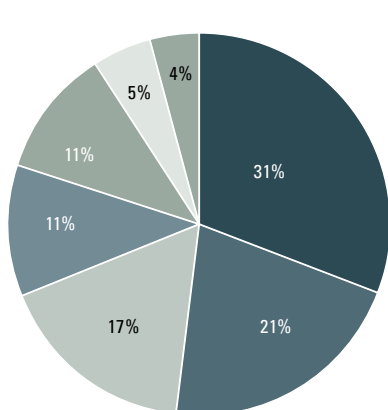

KRISTIN E. SORENSON
Vice President of Development

Financial Summary

Each year approximately 10 percent of the resources available to the Academy comes from private funding. These donations support the Margin of Excellence programs that provide additional out-of-classroom opportunities and experiences that enhance a cadet's education.

➤ *"I would like to thank donors for their support and for giving us the opportunity to be the best we can be as we transition into the officer corps. Without their generosity, we would not be as prepared to lead America's sons and daughters."*

DAVID SOLOMON '16

Hometown: Canton, Connecticut

Major: Mechanical Engineering

Why is it important as a cadet to participate in out-of-classroom experiences?

Opportunities such as trips abroad, Staff Rides, and the Academy Scholars Program broaden cadets' perspectives to better prepare them for officership. In a diverse organization that must be prepared to face challenges on any battlefield, leaders should be exposed to as many experiences as possible to help them understand how others think and expand their background knowledge to give them the ability to make the best decisions.

➤ *"I have been fortunate to take advantage of some amazing Margin of Excellence opportunities at West Point, including the Gettysburg Staff Ride, Men's Boxing Team, and other cadet club trips and events. These opportunities have helped me considerably—to develop my leadership style and to mature as a well-rounded individual. With these experiences I feel more confident leading the Corps and leading as a future Army officer. I cannot thank donors enough for making these experiences possible."*

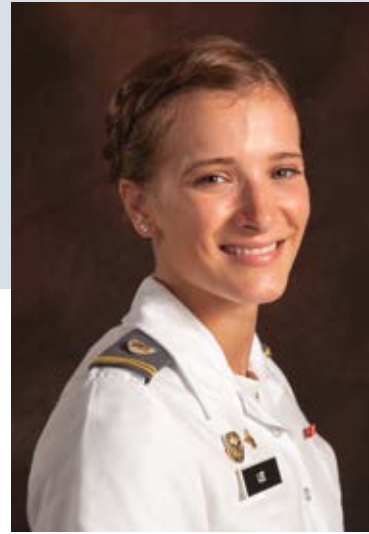

EUGENE COLEMAN '16

Hometown: Alexandria, Virginia

Major: Double major in Economics and Management

Why did you decide to come to West Point?

After participating in JROTC in high school I realized I wanted to serve in the military as an officer. In doing research on officer routes I came across West Point and dug deeper, and I eventually attended the Summer Leaders Experience. The program sold me on West Point. I was so confident that West Point was the school for me that I did not apply anywhere else. West Point was everything I wanted in a school as far as tier 1 academics, the great military opportunities, and the incredible leadership lessons.

➤ *"Thank you. I know those words can never truly capture the depth of gratitude that I feel for the donors who support the Corps of Cadets. Donors provide us with the means to challenge ourselves intellectually, emotionally, and physically in ways that we never could have imagined. The trip I went on for the WWI Staff Ride changed my life and not many things can do that. Because of that Staff Ride instead of planning to become a surgeon I now plan on becoming a psychiatrist who specializes in post-traumatic stress disorder so that I can help the thousands of soldiers who come home and desperately need help."*

HAYLEY LEE '17

Hometown: Lakewood, Washington

Major: Psychology

Why did you decide to come to West Point?

I fell in love with the values that West Point teaches. My parents recommended that I apply to West Point, and although I resisted in the beginning, the more I was exposed to West Point the more I loved it. I knew that it was the place for me because I knew it would challenge me in every way, and that I could eventually become as amazing a person as every single graduate I met.

➤ *"Thank you. Your donations create countless opportunities for cadets to develop into fantastic leaders of character."*

SPENSER COPP '17

Hometown: Fairfax, Virginia

Major: Military History with Nuclear Engineering track

Who inspires you at West Point?

The people. I am surrounded every day by the best and brightest that the United States has to offer, and I am taught by the best the Army has to offer. Every single individual at this Academy has something to offer as far as cadet development, and I absolutely love working alongside them every day.

➤ *"First and foremost, I would like to say thank you. When I was in high school, I always knew I would get a ton of opportunities to branch out and do amazing things if I ever got accepted to West Point. It was not until I actually started experiencing these things that I gained a true appreciation for what these opportunities have done for me. They have turned me into the man I am today, and I will never forget them. They have truly made the West Point experience one that will be difficult to leave behind."*

ZACHARY COHEN '17

Hometown: Denver, Colorado

Major: Civil Engineering

Why is it important as a cadet to participate in out-of-classroom experiences?

I spent three weeks in France last summer and one week with a research lab in Mississippi. These trips have shown me parts of the world I would never get another chance to see. Getting the opportunity to see other parts of the world forces me to reevaluate why I believe what I believe—an important aspect of professional development that will stay with me for as long as I live.

“As Chairman of the Board of Directors of the West Point Association of Graduates, I take great pride in the commitment of the Long Gray Line and family and friends to the Academy. As we build upon the success of the For Us All Campaign, we can ensure that now and in the future we are able to strengthen Margin of Excellence programs for cadets and sustain the programs and traditions that serve the Long Gray Line. I thank all of our supporters for their generosity and dedication to West Point.”

—Larry R. Jordan '68, Lieutenant General, USA (Ret.), Chairman of the Board, West Point Association of Graduates

LIFETIME GIVING

Many demonstrate their commitment to the Academy and West Point Association of Graduates by consistent and significant giving over the course of their lifetime, and even thereafter. The following section highlights the lifetime and planned giving societies that recognize these donors, all of whom have helped ensure the success of the Academy and WPAOG for years to come.

> LIFETIME GIVING INDIVIDUALS

The eight Lifetime Giving Societies are named for Thomas Jefferson, founder of the United States Military Academy, and some of the Academy's distinguished graduates and military leaders. Below is a record of individual lifetime giving in support of West Point. The totals include all gifts received, including irrevocable planned gifts and employer matching gifts.

2015 UNRESTRICTED GIVING RECOGNITION CIRCLES

January 1, 2015 – December 31, 2015

Unrestricted gifts are critical, as they offer the Academy and WPAOG the most flexibility to support existing programs, take advantage of new opportunities, and address unexpected challenges. The Superintendent's Circle, Army A Club, and Chairman's Circle recognize those who make annual gifts of a certain amount towards an unrestricted fund for the Academy or WPAOG.

➤ 2015 UNRESTRICTED SUPERINTENDENT'S CIRCLE

The Superintendent's Circle recognizes all donors who make annual gifts of \$1,000 or more to the Superintendent's Annual Fund, or the West Point Parents Fund. The Superintendent's Annual Fund and the West Point Parents Fund are comprised of unrestricted gifts that strengthen the Margin of Excellence. These funds provide opportunities that enrich cadets' 47-month experience and allow West Point to remain one of the nation's leading academic institutions. Members of the Superintendent's Circle take a leading role in providing the Corps of Cadets with research projects, extracurricular clubs, academic centers, tutoring programs, cultural immersion experiences, club sports, and athletics, to name a few. Moreover, members provide the Academy with the greatest flexibility to respond to immediate and emerging needs, thereby ensuring that today's cadets have all the tools needed to develop into tomorrow's leaders.

➤ 2015 UNRESTRICTED ARMY A CLUB

The Army A Club is responsible for generating support for the purpose of enriching the cadet-athlete experience at the United States Military Academy. The financial support from generous donors contributes to the program's long-term growth and prosperity. It also supports the Academy's overall mission of producing leaders of character by providing an extraordinary Varsity athletic experience for our over 1,000 cadet-athletes. For their tax-deductible gifts, members of the Army A Club receive benefits that are intended to thank them for their generosity, and allow dedicated supporters to stay involved and well informed about the Army West Point Black Knights. By supporting the Army A Club, donors help the Army West Point Athletic Association meet its financial needs, support its tremendous cadet-athletes, and maintain its high standard of excellence both now and in the future.

➤ 2015 UNRESTRICTED CHAIRMAN'S CIRCLE

Recognition in the Chairman's Circle is offered to West Point graduates, families, and other friends of the West Point Association of Graduates (WPAOG) who annually make a gift of \$1,000 or more to the Long Gray Line. The Long Gray Line supports the work and initiatives of WPAOG, providing for class reunions, bar pinning ceremonies, the Ring Memorial Program, Distinguished Graduate Awards, West Point magazine, and memorial support. By supporting the Long Gray Line, donors are ensuring that the Long Gray Line remains unbroken and includes generations of West Point's selfless heroes—those of the past, those of today, and those of tomorrow.

West Point Association of Graduates

800-BE-A-GRAD (800.232.4723)

Please visit us at WestPointAOG.org

The list of donors in the 2015 Annual Report of Gifts includes gifts that totaled at least \$1,000 made from January 1 through December 31, 2015. Gifts made after December 31, 2015, will be reflected in the 2016 Annual Report of Gifts. We have tried to be accurate in compiling our donor lists. This report serves as an expression of our appreciation as well as a means of helping us verify our records. Please inform us if we have made an error or omission and accept our apologies for these mistakes. Corrections should be sent to the Development Engagement Department at stewardship@wpaog.org or 845.446.1655.
